Primary Handbook For Mallets

Synopsis

(Meredith Music Percussion). Internationally acclaimed by today's leading teachers, Primary Handbook for Mallets (xylophone, marimba, vibes, and bells) is designed for the beginner of any age. This method provides a complete introduction to mallet playing for private lessons or classroom use. The play-along audio also makes this the ideal self-instruction method. The audio is accessed online using the unique code inside each book and can be streamed or downloaded. The audio files include PLAYBACK+, a multi-functional audio player that allows you to slow down audio without changing pitch, set loop points, change keys, and pan left or right. Customer Reviews

it can be a little confusing for someone who is just learning music i found it helpful but i am able to read music well.

Love this book for my students! Love that it's key based & that there is a little written exercise that teaches theory.

My grand daughter loved it

This book is an excellent material for beginners studying by themselves or to improve class practice. The play along CD allows audio material to help you study and compare your musical performance

with the correct sound to be expected from each exercise. The chapters cover the study of scales and techniques and provide some simple songs to complete the studies. I liked it a lot and I also use the audio samples to play along and improve my mallets skills.

Good starting book. Would recommend it.

Excellent delivery and book brand new very happy

Very comprehensive.

it has helped my wife learn to play her xylophone, she learns more each and every time she uses it.
