amazing images of farm life, another hit from Anne Manera

Nice book! Wish pages were perforated. Different than most greyscale books, scenes, etc

I love this book! Beautiful Grayscale, out in the country, pictures to color. I love grayscale and highly recommend this book. It's beautiful!

I love grayscale coloring and this book is dynamite.

Terrible coloring book. It should be called black coloring book. Most of the pages are so dark and black it's useless to waste your time trying to color. Would return, but would probably cost more to return than line my trash with it. I wouldn't even give it one star but had to insert a star to write this review.
