# Who Was Marco Polo?

## Synopsis

Marco Polo was seventeen when he set out for China . . . and forty-one when he came back! More than seven hundred years ago, Marco Polo traveled from the medieval city of Venice to the fabled kingdom of the great Kublai Khan, seeing new sights and riches that no Westerner had ever before witnessed. But did Marco Polo experience the things he wrote about . . . or was it all made-up? Young readers are presented with the facts in this entertaining, highly readable Who Was . . . ? biography with black-and-white artwork by John O'Brien.

Very interesting

Best series of books for kids

This was a gift for a 3rd grader I am encouraging to read and was looking for something in the non-fiction category .

This book answers the question of the title who was Marco polo. I was looking for a general synopsis of who Marco polo was and this book fit the bill.I think the target reader for the book is a teenager or younger but as an adult I enjoyed it and I will read more of the series..

Great help for my child's research paper.

The Who Was series has great, easy to read books. They are interesting for middle school through adult readers.

Educational
