Omg- in love! These cards are so artistically beautiful but accurate as well. I love the option of using the different kinds of spreads. This deck will be a definite go to in my collection of oracle cards. Love the divine feminine presence!

This oracle deck gave me the oooh's and ahhh's before I even opened the box. Victoria Moseley says this deck began with her designing a business card for her clairvoyant readings. The images are antique Victorian in style but there's more...each card is layered with symbols that will be sure to enhance your intuition. The boxed set comes with 52 illustrated cards and 80 page guidebook. There are 5 illustrated spreads in the guidebook and instructions on how you can use your deck. I love the practical approach presented by Victoria Moseley. The card backs are as lovely as the images on the front of each card. Reversals are up to the reader but are really not needed with this deck. The cards are high quality with a silky feel that makes shuffling a soothing ritual. A keyword is printed on

the front of each card which corresponds to the keyword descriptions in the guidebook. There is nothing harsh, garish or obscene in this deck-it can be used to read for any client.I have to say that this is one of the nicest "Vintage Lady" decks that I have seen. The images are clear yet they convey mystery. It's an interesting effect that I think you will like.This deck is perfect for those who love Vintage, those who like gentle images and those who are as intrigued by ephemera as I am.

This is such a lush, gorgeous deck. It had caught my eye a few times as I perused various oracle decks on to supplement my Tarot readings, but somehow I always passed it by. But a few youtube reviews later and I hit "add to cart." I anxiously awaited its arrival and it meet all my expectations.Some people have exaggerated the size of the cards. They're larger than typical Tarot cards, but so are many oracle deck cards. These are about the size of any of Doreen Virtue's cards-- a little big but not overwhelming. But they are anything but airy-fairy. There is something timeless in the combination of vintage photos, sepia tones, old letters, artwork, pressed flowers and lace.. There is a deep feminine vibe, but not a "girly" vibe. They evoke feelings of the past, whether my own past or that of my ancestors.There is something about the cards that enables you to really enter into the scene. Maybe it's because the images are so multi-layered that they're almost three dimensional. The themes of the cards, including "Sanctuary," "Kindred Spirits," "Patience," "Surrender," and so many more, really resonate with me. I appreciate the lack of fluffy New-Age imagery. The guidebook is wonderful as well.There are some wonderful-sounding spreads with appropriately-vintagey names in the guidebook. I haven't tried these yet, having done primarily one-card daily draws so far. I tend to go overboard with new decks and do way too many readings to try them out, so I'm easing my way into this one. But it's my new favorite. I just connect with it, more than other oracle decks I own. I think of this deck as being particularly for women (as all the figures are women); adolescent and teenage girls would like it as well.

I love vintage images and I love oracle cards. As soon as I saw this deck, I knew that it was calling my name. I love oracle cards and I love vintage imagery. These vintage images were obviously chosen with great care and embellished in a gorgeous but not gaudy way. My mother wants to frame some of them. I had to tell her you can't do that!Anyway, onto the cards themselves. The box is sturdy. The cards are big, 3 3/4 inches by slight over 5 1/2 inches. I find them a bit slick and hard to hold onto when shuffling, but I have arthritis and a tendency to drop things. With all cards, I recommend alternating sides when shuffling cards so that they're less likely to develop a weak spot. I'd be careful with the edges of these cards as they aren't gilt.Some of the cards are Wisdom,

Sanctuary, Abundance, Playfulness, and Ancestors. There are at least two cards featuring vintage images of Japanese women in kimonos. There is one featuring the Virgin Mary holding the Baby Jesus. There are some cards with familiar Pre-Raphaelite paintings. The variety of images keeps the cards from being too similar. Please feel free to ask me if you have any questions I haven't answered here. I haven't done a reading yet because I just got the cards yesterday. The book has the spreads at the back. There are five creative spreads. All in all, I think this is a beautiful deck that fans of vintage photography will love.

I can't express how much I enjoy these cards. The energy is fantastic, but more than that, the cards themselves have a quiet and resolute beauty that stands alone. I have most often pulled and read without referencing the guide book and the card write-ups. I was very pleased when I decided to reference the book when a card for a reading didn't seem to fit - the write up brought together the pieces that hadn't made sense on the surface. The custom spreads included in the book are beautiful and likewise possessed of a great resonance. The Chatelaine spread alone is a beautiful arrangement with transcendental meaning. I love it. You might too. :)

I was BLOWN AWAY by the beauty of this deck. The images are so gorgeous and well-thought-out and the colors are both serene and stimulating. I found the book and card themes to be poetically-written and beautifully demonstrated. You can tell the author put a lot of thought into this deck and imagery and even the box it comes in is a great quality. Highly recommended to all of you Tarot and Oracle lovers out there! This is my new favorite deck!!
