Fundamentals Of Microbiology: Body Systems Edition (Jones & Bartlett Learning Title In Biological Science)

Synopsis

The Bestselling Microbiology Text for Health Science and Nursing Majors Just Got Better! Ideal for health science and nursing students, *Fundamentals of Microbiology: Body Systems Edition, Third Edition* retains the engaging, student-friendly style and active learning approach for which award-winning author and educator Jeffrey Pommerville is known. Highly suitable for non-science majors, the fully revised and updated third edition of this bestselling text contains new pedagogical elements and an established learning design format that improves comprehension and retention and makes learning more enjoyable. Unlike other texts in the field, *Fundamentals of Microbiology: Body Systems Edition* takes a global perspective on microbiology and infectious disease, and supports students in self-evaluation and concept absorption. Furthermore, it includes real-life examples to help students understand the significance of a concept and its application in today's world, whether to their local community or beyond. New information pertinent to nursing and health sciences has been added, while many figures and tables have been updated, revised, and/or reorganized for clarity. Comprehensive yet accessible, *Fundamentals of Microbiology: Body Systems Edition, Third Edition* is an essential text for non-science majors in health science and nursing programs taking an introductory microbiology course. Each new print copy includes Navigate 2 Advantage Access that unlocks a comprehensive and interactive eBook, student practice activities and assessments, a full suite of instructor resources, and learning analytics reporting tools.

Customer Reviews

I rented this book and received a brand new copy with online access code inside! I was amazed! Although, I did not have a need for the access code in my course, I found that it was a great price for the condition of the book I received! I hope that the next person that rents this book is able to utilize it to its fullest potential!

Book was brand new!! only spent \$24 definitely beats \$180 that I would've spent

Came brand new with disk. I didn't have to spend \$200 for the book after all!

My book was brand new! I wish all books came brand new!!

Good book

Fast shipping & item as described! Thank you so much
