KINGDOM WEALTH: God's Plan To Prosper You And Why People Remain Poor

Synopsis

In most circles, the church has been led to believe that the subject of wealth is a secular concept that the church should steer clear of. In this book, Paul Nyamuda shares on the Biblical view of wealth and debunks the myths that have resulted in many people not fully embracing the subject.

Paul's desire is to see the church taking hold of Godly principles of wealth in order to see the manifestation of God's glory upon the earth. The church has a pivotal role to play in spreading the good news of Jesus Christ and our finances are a critical resource. The bold approach that Paul has taken in this book will answer some of the seemingly confusing concepts that have been circulating as well as to position you to live in abundance.
