Customer Reviews

Full of great recipes, and I love how the book is organized into different types. You're sure to find something you'll want to try out immediately. I already know I'll be trying out a few this week!

It's not that the recipes aren't good, they are just too hard to find. There is no general index. Wanted to see if there was a recipe for lamb shanks and had no idea how to find it. Looked in several sections and couldn't find. Gave up and went on line. Much easier.

Only 244 recipes in a book that says 2000. Also I am not impressed with a book that looks like it came off my printer and was just glued to a cover that also looks like it. Definitely not what I was expecting when I ordered this book.

Many recipes to choose from. Simple approach to cooking with the Crock Pot. It looks like I can use this cooking method for many delicious recipes.

Great product! Thank-you for fast shipping. Great retailer. Will be using for my wedding cake business. Thank-you very much! THX

This has been an incredible resource for as I am new to pressure cooking. The recipes are easy to understand and follow. The pictures make the food look very inviting and makes me want to try every recipe!! Highly recommend for the beginner pressure cooker enthusiast.

This is a great recipe book! There is something for everyone and a lot of "comfort" food!

Interesting and some look tasty. Hard to navigate this book on my kindle.
