My kids are 3, 8 and 9. They like all the magic tree house books. My 8 year old has a particular interest in China, so I bought all the Magic Tree House books about China for him. He says they are great!

Great for early elementary kids studying China in school.

These are simple, but they contain a fair amount of information. Interesting for kids. I'm not as crazy about the Magic Treehouse stories, but I really like the research guides.

Mary Pope Osborne does such an excellent job on all her Magic Tree House series and the Fact Trackers. We received this quickly and in great shape for a great price!

Good addition to the series

Excellent resource

Perfect reading for our trip to China.
