Customer Reviews

ITMB Publishing (International Travel Maps and Books) of Vancouver, Canada, has published detailed reference and travel maps of countries, regions, and cities around the world since 1985. The company's titles include many that are unique or the first of their kind, including the first commercially available travel map of South America.

I'm from an older generation that likes to have a physical map. This map has been helpful in understanding the layout as we plan a vacation to the region, and we will bring it with us for reference.
