## Customer Reviews

Added to my collection for my family. Most of my adult children peruse them when I purchase. They know to keep and share with Grand Children and Great Grand Children who will see the next generations of Royals. Perhaps one will treasure my collection as I do. I love the book and the Royals! A grand book!

I have a lot of Royal books, but I especially like this one because it focuses on the British Royal family but also contains a lot of pictures and info. about other royal families. A must buy if you like the royals.

I received PEOPLE Great lives remembered edition under the cover of The Royals!!!What a shame to seller! Will never buy again!

Simply loved it.
