Customer Reviews

BOUGHT THIS FOR MY GRANDSON THAT IS OBSESSED WITH THE MICKEY MOUSE CLUB. HE LOVES THIS BOOK AND THE ILLUSTRATIONS.

In the kindle edition, the text is over the picture, so it's hard to read. Also, the text is cut off on the bottom of most of the pages, so just have to make to the story as I read and guess what it might say. Very annoying, and I wish I'd never bought this one for my little girl.

We have seen this episode on Disney Junior and enjoyed it. We enjoyed this book too. My 2 year old wants to use my Kindle Fire and feel like a big girl, and getting books for her is a great way. The only problem with this book (and thus the 4 stars) is that there was one page showing a picture of

Penelope Poodle getting wrapped in ribbon by the twins but there was not a worded description of what was happening. Even I had to turn the page back again to look at the picture one more time to figure out what exactly happened.

The kindle version is screwed up. The story print covers the illustrations. Avoid this book until it is fixed. !!!!

Missed part of the story due to the letters being cut off at the bottom of the pages. Also the words are in black and when they are posted on top of something else that is black you can't tell what the word is and have to just guess.

It's a cute book--of course, it has Minnie Mouse. She loves those little clips of Minnie's Bowtique on Disney Jr., so I decided to show her how you can READ about them, too. When we first got this book on the Kindle, she wanted to read it every night. :) She loves the twins.

Good story but some of it was blocked by the black thick lines which made it hard to read. Otherwise good story.

Cute story but at the end of it they show you other books to buy. My daughter constantly clicking to buy the others, so annoying.
