“Bicycling New Hampshire’s Seacoast gives newcomers a taste of what New Hampshire has to offer while residents get a chance to explore the beauty in their own backyards.” (Jonah Fernald, co-owner Portsmouth Rent & Ride) --This text refers to an alternate Paperback edition.

I bike about 50 miles per week (except in winter), in and around the Portsmouth area, and I THOUGHT I knew the best biking routes around here. Actually, I was clueless. Not only did I read this book, I drove some of the routes to check difficulty level, traffic patterns and quality of the road surface. My reaction to many of them was 'wow, this is great'. I am very glad I bought this. There are 28 routes in all, varying in length, covering almost all of the Seacoast towns and bordering Maine towns. I bike for exercise, not scenery, and look for routes with smooth roads and with the least amount of traffic and red lights (this is why I had to drive the routes, as this info is mostly not in the book nor would I expect it to be). I found several excellent routes for my personal needs. However, I look forward to trying some of the longer excursions (50-65 miles) and other rides I've never taken. If you are a visitor or summer resident and are into biking, GET THIS BOOK: clear maps, directions by odometer reading, and brief descriptions of each ride, most of them through picture-postcard scenery of the Seacoast. You'll be glad you bought it.
