# How To Debate Leftists And Destroy Them: 11 Rules For Winning The Argument

## Synopsis

The problem, as Ben Shapiro puts it in this must-read, is that “because conservatives don’t think about how to win that they constantly lose” in confrontations with leftists. The solution is to stop taking the bullying and learning to argue for victory. Among Shapiro’s rules for beating the left in confrontations are: Be willing to take a punch. (conservatives tend to shy away from confrontations because the left is rhetorically violent; but it is important “to walk toward the fire.”) Hit hard, hit first. (leftists stage muggings; instead of fighting by Marquis of Queensberry rules, conservatives need to accept the strategy Mike Tyson: “Everybody has a plan until they get punched in the mouth.”) Immediately frame the debate. (“When you’re discussing global warming, for example, the proper question is not whether man is causing global warming but whether man can fix global warming—a question to which the universally acknowledged answer is no unless we are willing to revert to the pre industrial age.”) There are eight more rules that will allow a conservative to debate a leftist and destroy him. How to Debate Leftists and Destroy Them is not just a “how to” book. It is a survival manual.

## Customer Reviews

Nice little piece. More would have been better, with this being a handy refresher, but good nonetheless. I would have paid more for a more in-depth treatment.

Wish there was more insight and detail on counter arguments and examples. Overall still a good overview of tactics on how to combat the left

Common sense guide for debating anyone. Really quick and concise read.

Not very interesting. Just talk by the author of how good a debater he is. Nothing new in the debate.

Thanks to this great little guide I now make my liberal 'friends' see how totally uneducated they are on their party and beliefs! So fun to win an argument.

Really enjoyed this book. Glad to have read someone's thoughts similar to mine. Great, well written book by Ben Shapiro.

Not all of us can be Ben Shapiro. Shapiro is the Republican version of sir Lancelot. Fast, sharp and incapable of losing. I don't agree with all his view points, but his words can dissect and fillet you faster than a sushi chef.

No need to parse words. Love the step by step strategy and common sense way Mr. Shapiro lays out his debate stratagem. Quick, concise and to the point.
