## **Customer Reviews**

This book is the perfect example of a quality Minecraft book. It's no wonder that this author is my nephew's favorite. He has enjoyed every book in the series and asks me on a daily basis if "Diary" has released a new book. That is a big change from the reaction I used to get when I would ask him to read whatever the newest popular kid book was. That takes some real talent to get a kid to want to read that under normal circumstances has no desire to do so. We are both looking forward to seeing more from this author.

I got this set of books for my stepson who loves Minecraft!! He was thrilled with them!! This set allows you to experience the life of each character and see how they interact and what they'll get into next!! This one is told from the point of view of "Spot" a Minecraft wolf. Poor Spot was once part of a pack but was picked up by someone who uses him as a pet to perform tricks to earn money. Poor Spot is so unhappy and this book leads you through his life until befriends a kind boy who wants to help him find his way back to wolf life!!! All of this is bound in paperback (or Kindle form) form with easy to read dialogue. This set of "Diaries" is the perfect addition to your young readers library. They're going to dig into each one with excitement!! My stepson can't wait to delve into the next!! I highly recommend this book and the entire set!!

I think most kids have a summer reading requirement they must fulfill -- well, this book would be great for any kid that loves Minecraft. The books are short and make a quick, enjoyable read. I gave a handful of them to my nine year old cousin. The author keeps his attention and makes him look forward to completing the book so he can start the next. Wonderful series - excellent author.

Spot the wolf is a show star. But since he was suppose to find his pack he got a new one.

This book is an enjoyable read for Minecraft fans of all ages. The book is easy to read and since it isn't a very long story it keeps the reader wanting to complete the book in a short period of time. Great addition to a child's library.

I can't say enough good things about these books! My son absolutely loves them! Such a good read for the minecraft fan. Easy and not too long so perfect for those reluctant to read an actual book.

Bought several of these books for my nephew who loves to read! These books are soft cover but very well put together and a great quality! He is 9 and finds the reading material fairly easy to read.

Not exactly scholarly writing, but the books are cute, and my son loves them.
