The cover of this book is beautiful! The inside has a place for your info then a couple of pages with some tips about bullet journal-ing which were very helpful as this was my first book of this type. I've been using a sharpie pen to write and there is no bleed through making it very easy to use both sides of the pages. I can't wait to see where this beautiful journal will take me!

I only give it two stars cause the cover is so cute. That's the only redeeming thing about this journal. I bought this cause I thought it would be a great start for my bullet journaling but I was so wrong. The pages are practically see through and anything but a pencil bleeds through. The dots are very predominate on the page. I wanted a dot grid to help my lines not have polka dotted pages. The little tips page was nice but I'm not sure they know anything else about what bullet journaling is. Would not recommend!

The description indicates this is 8" x 10", but the one I received actually measured 6" x 9". Definitely

not what I wanted.

Love this journal! It had a durable bind and the cover is absolutely beautiful. I also enjoyed the quick tips on the first couple of pages for beginner bullet journalers!

This journal comes with me everywhere and I get compliments about it all the time. Love the designs

Beautiful design. It makes for a great gift as well.

Very cool way of combining calligraphy with journaling. Love it!

Great gift for the wife! Very good designs and fun to draw.
