Age Range: 2 - 5 years

Grade Level: Preschool - Kindergarten

## Customer Reviews

This is basically the book version of one of the episodes and my son likes it. As a parent, it's not my favorite book to read but it is exactly what it appears to be.

My 2 yr old son loves Team Umizoomi! Unfortunately, the stores dont really carry any merchandise on them anymore. When i saw this book i had to get it. So glad i did, his smile brightened my day.

Great Umizoomi book! Follows the episode really well. Really long story and a good amount of reading for a kid story book. If your kid has a short attention span, each page has a fair amount of words.

Daughter loves everything umizoomi and adds a little education also which is nice.

My 3 year old has loved this book for years.

He loved it

Great value!! This is NOT one of those kids books with the giant writing and 5 words to a page - this book has substance and a lot of fun pictures. My son loves it. Great buy.

Great book. My daughter loves it. Great story.
