Freeland, Lathrope, Lind And Stephens' Fundamentals Of Federal Income Taxation, 17th (University Casebooks) (University Casebook Series)

Synopsis

Adopted at over 100 schools, this casebook provides detailed information on federal income taxation, with specific assignments to the Internal Revenue Code, selected cases, and administrative rulings from the Internal Revenue Service. The revised and updated Seventeenth Edition retains the book's long standing format and much of its prior materials, but it is updated to reflect recent events including all legislative developments, especially the American Taxpayer Relief Act of 2012 (Pub. L. 112-240). The new edition contains coverage of revised tax rates, changes in the cost recovery system (Â§ 179 and 168(k)), revised regulations on capitalization, extension of expiring tax provisions, restoration of indirect rate increases through the phase out of itemized deductions and personal exemptions, and the new Medicare tax on unearned income (Â§ 1411).

Customer Reviews

I rented this textbook for my tax class. The book is very well written. It discusses cases and refers to sections of the tax code. This textbook is one of the best books out there to get an understanding of US tax laws. The book is in good condition. Done highlighting and scribbling present. But the binding is intact and no wear and tear or stains on pages. It is a little outdated since the 17th edition was recently published and is available for sale. The seller Shipped this item immediately. Very smooth transaction. Seller is highly recommended

I ordered the book on Tuesday 16 August 2016 and received it today Thursday 18 August 2016. It is

hardcover and New just as it was described.

This book is great if you want to learn about the basics and foundation of federal income tax. However, as we all know you can't know everything Tax. No one can. So if you are already in the business this is a great way to really begin to understand 98% of the things you will run in to. For the other 2%, call up a homie!

It was a clean book.
