I picked up volume 2 as well and love the large print and the puzzle themes. All the words are related to the title of the puzzle and the text is large enough for me to not have to strain my vision. I actually ended up giving this one away as a gift to someone who was stealing pages out of my volume 2 on breaks at work. So I will probably have to pick up another. Great gift.

My Mom loves these word search books. I ordered Volumes 1 through 3 for her. Halfway through Volume 2, she's asking for more books. I just ordered volumes 4 through 6. Mr. Smart please publish more books! My mom sits for hours doing the puzzles! These books are excellent for maintaining cognitive ability especially for senior citizens.

nice little book...

I understand that in order to fit larger print words on the page you would have to shorten the words. But it feels sort of dumbed down. These are very short simple words compared to most word searches I've done through the years, with simpler themes as well. On the plus side, it truly is easy to see, even without my magnifying lamp. Perhaps I do not need the "extra large" book yet, but instead just the 'large print'.
