M.T. Lott has an [unhealthy?] obsession with farts. In addition to his FARTING ANIMALS COLORING BOOK, he has written about fart fairies. Like a silent but deadly fart, he cannot be stopped. Be sure to check out his FARTING MAGICAL CREATURES COLORING BOOK too!

This was a favorite with my kids and her classmates. Very funny book! Reasonably priced as well. We actually bought another shortly after the first one arrived.

This is going to make a great White Elephant gift! I just wish it was a little thicker.

Enjoyed giving this to my sister-in-law who fusses at me for farting! She now hates me!

Bought this coloring book for my nephews at Christmas time. They are the kids that already have everything, so thinking of something they didn't have and would enjoy was next to impossible. Then I

came across this - a farting animals coloring book! Both hilarious and therapeutic. Big hit!

This is a funny coloring book, and it has lots of pages. My only complaint is that the designs are too simple. There's no backgrounds really, it will just be a plain animal with a fart cloud. The pictures are so simple each page would only take 2 minutes to color. Although it's funny, I wish the pictures were a little more detailed.

What better gift for my 12-year old brother in law? This book is amazing and fully meets every expectation I have for a Farting Animal Coloring Book. Probably going to grab another one for a white elephant gift as adult coloring books are in.

Belly hurting laughs. Took this as part of a white elephant gift. Major hit. 12 high professional laughing and talking about farts. Have not laughed so hard in a while.

My little nephew got a kick out of this when I gave it as one of his Birthday gifts. Boys just think anything that has to do with farts and poo are hilarious.
