Power Texting Men! The Best Texting Attraction Book To Get The Guy (Relationship And Dating Advice For Women 3)

Synopsis

Power Texting Men! The Best Texting Attraction Book to Get The GuyOk Girls, you've been kickin the doors down with men with my first 2 Dating Advice for Women Best Sellers- Now let's not blow it with bad texting.Hi I'm Gregg, take a walk down texting lane with me and let me divulge what guys WANT to hear from your thumbs!I'll make you a TEXTPERT by fixing preventable mistakes with simple solutions that WORK in minutes.We know you can text. We got that. But too many times ladies are texting like we are your boyfriends. We are NOT. At least not yet and maybe never if you don't FIX your texting. I will show you how to text a man or (if you are younger), how to text a boy. You will also learn the unique art of how to text flirt with a guy!Power Texting Men! Will;Give you 21 jaw dropping seductive texts that you just gotta use!Make him respond when YOU want him toKeep him hooked on you all day and night until the next dateCrush ALL your texting blundersShow how timing, structure, intent and emoticons MATTERMen demand the complete package out of you. Any weak link in your armor could send him packing. What I am finding is that YOUR weak link is TEXTING MEN!This texting attraction guide will change this...don't push that guy away EVER again.Ladies, Do Not Pass Up this Book;Learn the power of less is moreDiscover how to text a guy with wit so you keep his senses arousedText things that he has never heard from another womanLearn the secrets of "radio silence"Book a date without him even realizing that YOU just asked HIM outTEASE the crap out him with my dirty texting examplesLearn how to get a boyfriend strategically with textIf you want to know what men WANT you to say when texting, ASK a man. Better yet, ask a world renowned dating coach! You are lost when you text guys and I WILL fix this. I teach ladies how to get the reaction they want. They tell me what they text and it is often the polar opposite of what they SHOULD be texting. They then say, "Wow, he just asked me out!" Yes because you finally figured out his simple brain by listening to a ME...a MAN with a simple brain!Do you lack confidence? Comfortable in Your Own Shoes: The Building of a Confident Woman is LIVE! This is my confidence course JUST for women and WOW - does it work!About the AuthorGregg Michaelsen, Boston's top dating coach strikes again with top dating advice for women. He blows away his competition with his books: The Social Tigress, Who Holds the Cards Now?, To Date a Man You Must Understand a Man, How To Get Your Ex Back Fast, 10 Secrets You Need to Know about Men and Love is in The Mouse.

Customer Reviews

I have 5 other books by this author and all of them are great. However, this one is not so great. Here's a recap of the book in a nutshell: 1) Men don't like long texts 2) Don't ever answer a text right away. Wait at least as much time as they do between texts (my son agreed with this one) 3) Don't babble on about your day like you're talking to your girlfriend. 4) Try not to be the last person who texts. These are all good points. However, what I really didn't like about the book was that most of the example texts were very sexually suggestive. Yet in this book and the others that I've read by the author, he emphasises that having sex early in the relationship will definitely ensure that the man will not look for a long term relationship with you. Maybe I'm old fashioned, but I agree with this. So if you are trying to attract a man early in your relationship why would you use sexually tantalizing messages? What's the guy going to think when you meet him? Are you going to say "no I didn't really mean that, maybe in a few months if you're good." You don't know this man. You could be in physical danger if he gets angry after expecting something that he's not going to get. Gregg's other books are so much better. I would recommend "Love Is In the Mouse 2017" over this book. That covers online dating and also has a section on texting.

It is a book for high school or college girls not for classy, professional and career women! I don't

see how classy and successful middle age women can use those texts! Some parts about how men think and their psychology are interesting.

I tend to prefer face to face interactions since it's easier to read and convey personality. Today's dating style and time restraints don't allow that flexibility, so texting is it...although I do like texting. I learned a few mistakes I've made and a few ideas of how to simplify my texting to get a response. Good read!

Why did I not read this author's bio before I bought this thing? I would have known then that this was a waste of \$2.99 and my time. The advice given in the book is to be forward and basically slutty through a text...which may work for the author and the women that he wants to attract but that is NOT how I want to be perceived and the kind of guy who wants to hear about my underwear (or lack thereof) in a text after our first date is NOT the kind I want to attract. However, if you're looking to snag some pathetic middle-aged loser with more money than he can spend alone...this is the book for you. To each his/her own.

Perfect quick read for texting do's and don'ts. If you are a texting newbie or even if you aren't versed in the art of playful texting, this book will help fill in the holes and answer questions you may not know you have.

It was a short and sweet look into common text mistakes made by women. I followed the guidelines and BAM, my man texted back immediately....he even indicated how tantalizing my messages were. He knew I was sassy and sexy and now my texts keep him interested. It's a nice read and gets to the point without a lot of fluff. Yes there are flirty texts and I feel the author does a great job identifying a woman's role in setting the pace of the relationship without controlling or needy behavior.

This book is short and sweet and gives great info on how to be playful, attractive, and challenging when texting men. The tips included here really DO work! This book has changed my whole texting game, I no longer sit and wonder if something was taken wrong by a guy, etc. This book gives you the power you need to keep them on their toes.

Great tips on how to lure the guy you are intrigued by and the same time keep your self respect and

stay funny, sexy and provoking! Thank Gregg another great book I enjoyed enormously! Looking forward to the next one! I would recommend it to anyone who is single and looking because let's face it text is inevitable form of communication nowadays. I'm giving it 5 stars since its brutally honest which is what we all need before we go out there pouring ourselves out!
