Best Sellers Rank: #57,119 in Books (See Top 100 in Books) #100 in Books > Reference > Words, Language & Grammar > Public Speaking

Customer Reviews

Lots of helpful information included in this brochure.

This was the older version for my Public Speaking class, but it worked just as well as the updated ones. Nicely laminated, great coloring, definitely helpful in preparing for speeches. Would recommend to Public Speakers.

I used this for a fundamental speech class. It covered a lot more than what I learned in class. It also helped me make my speeches better. I excelled in my class thanks to this.

Has the exact notes that I needed to study with; eliminates carrying around notebooks with pages of words that this guide has condensed

Excellent and very handy for both teachers and students. It is a condensed summary of all the essential topics provided in the textbook. I bought it for myself as an outline, and I recommended it

to my students college students.

Great reference. Has a lot of good tips. I like that its laminated so its sturdy.

worked well and was very helpful for my class

I found this to be an excellent companion to the textbook I used for my Oral Communications class. This is just a quick reference guide but it is very succinct and easy to reference.
