Customer Reviews

Art historian Alta Macadam is a best-selling author of Blue Guides, based in Florence, Italy.

Highly useful for us during visits to Tuscany in 2015 and 2017. As other readers comment, it is not to be confused with guides from the likes of Rick Steves or Lonely Planet, which have their uses for everyday attractions. Blue Guides put an emphasis on "cultural" sites, so will assist if you are trying to allocate your (limited) time in choosing how to prioritize between museums, churches, etc.

The Blue Guide is the best guide book for in depth information about art and architecture.

Distilling all that is to know about this region of Italy would be nearly impossible, but compared to other guides I have used Blue Guide hits the mark.

If you want a guidebook that will give you a more academic background on the sites you are seeing, this is the book for you. As a person with an art history and archaeology background, I greatly appreciated the academic focus of this guidebook

the best guides for arts/culture. the only downside is that they are rather heavy. I wish blue guide sold pdf versions.

Excellent guide for the traveler who wishes to be well informed

Would have liked more detailed maps.

I am going to Italy in April and will take this book this me to guide us along! Looking forward to it!
