Deborah L. McDonald is the mother of two grown daughters, the grandmother of three and a former teacher who believes in the miracle of coloring and the pure joy of it. She began creating coloring books in 2003, long before adult coloring became popular. Her new goal in life is to produce the most coloring books by a single person ever. She is well on her way to reaching this goal!

I love this book! I love that it's not the usual blood and gore. You don't have to worry when coloring that your child would see the gore of a lot of the Halloween/horror books. The drawings in that s book are cute and whimsical. Very family friendly. I also love this the black black background paper. Adds to the Halloween fun.. You really should get this book for family on night.

What a joy it was to find a Halloween Coloring Book that wasn't filled with Gorey Pictures!D.
