Created by Yasmeen Eldahan, aka YamPuff, a coloring book and digital stamp artist whose art has been colored in by colorists around the world!

Yummy, Yummy, Yummy! This coloring book has many delicious treats to color and enjoy. It is a fun book to make your own fantasy food by picking unusual colors for the treats. I love to just enjoy coloring and make my pictures unique. I recommend this book for anyone who loves sweets or is a fan of cute adorable coloring books. I would definitely buy this book as a gift.

Summary:"Carousel Dreams" contains 27 illustrations, 3 pages of introductory information, an original 6 page story, and two sheets of additional information. It measures 8.5 x 11 inches and is

glue bound into a matte finish cover. Featuring black and white line drawings inspired by decadent desserts, this book is appropriate for colorists of all ages and skill levels. Paper: The paper in this book is bright white and about the same thickness as standard copy weight. All pages have artwork on one side and a short description on the reverse. All pages are also non-perforated. Dry mediums should be okay to use, but any wet products may bleed through or cause tearing/wrinkling. Be sure to place several blotter sheets under your current picture to prevent further color transfer. Artwork: As the title implies, "Sugary Dreams" is inspired by yummy sweets. Inside you'll see candy headaddresses, cupcakes, fairies in themed outfits, cookies, ice cream, unicorns, and more. Some of the images have backgrounds, while others feature one central element. Patterns are kept to a minimum with only 4 pages, and there are a few reverse printed images that have black backgrounds. Almost none of the pictures have borders, and very little of the artwork enters the binding so pages can be removed with minimal difficulty. Detail level varies a bit and print quality is decent (I did have a few small messy areas in my copy). Picture completion time should range from 2-5 hours (may be slightly different for each individual). Overall, this a fun book with adorable artwork. It would be best suited for chalk/pencil colorists who enjoy whimsical/food themed imagery.

Another great colouring book from Yasmeen. It features lots of pictures of delicious desserts + chibi girls to colour. Also included is a short story at the back of the book, which I think my 5 year old daughter would love to read. The paper is decent enough quality but if using promarkers, you will need to put a few pieces of thin card behind to protect the image on the next page. Overall, a great book for all ages. Here's hoping that Yasmeen will release a book with all her free images for us fans without a printer - her drawings are very cool!
